

Advantages of OPC UA

- + Integrate machine and job information in any software application
- + No internet/Cloud connection required (can run local or on local network)
- + Full flexibility in data collection and processing

CREATING SOLUTIONS BEYOND MACHINES

What we stand for

Messer Cutting Systems is a global supplier of cutting-edge solutions for the metalworking industry, setting standards worldwide with its reliable cutting technologies, flexible service packages and intelligent software solutions.

The company, with a proud history of being in business for more than 125 years, is active in over 50 countries. Messer Cutting Systems sets out to 'Create Solutions Beyond Machines', with a portfolio embracing the themes of PRODUCT, DIGITAL, SERVICES, AUTOMATION and KNOW HOW.

The Messer Cutting Systems product range includes oxyfuel, plasma and laser cutting systems from hand-guided machines to special machines for shipbuilding, as well as machines and equipment for oxyfuel welding, cutting, brazing, soldering and heating.
